Ashim Paudel

Civil Engineer

paudelashim111@gmail.com (+977) 9862548802 github.com/Ashim-Paudel www.ashimp.com.np

EDUCATION

Tribhuvan University, Institute of Engineering, Pulchowk Campus 2021 – 2025
Bachelor in Civil Engineering **Score: 84.60%**

- Ranked **6th** nationwide among TU Civil Engineering students, 2020 batch (4-year cumulative)
- Full merit-based scholarship (4 years) — IOE Entrance Examination, **Rank 15**
- Final Year Project: Earthquake Resistant Design of Dhalkebar Hospital

Aroma Science College, Chitwan 2018 – 2020
+2 Science, National Examination Board **CGPA: 3.93**

- Co-founded the STEM Club Aroma

RESEARCH & PRESENTATIONS

Poster Presentations

- "Investigating the Effects of Seismic Pounding in a Series of RC Buildings: A Case Study of the Ason Area" May 2025
  Kathmandu Geo Lab Student Research Symposium
- "Use of Geocells for Slope Stabilization" Jun 2024
  Nepal Geotechnical Society (NGS) — 30th Anniversary Conference

EXPERIENCE

Department of Roads, Ministry of Infrastructure Development, Government of Nepal Jul 2026 – Present
Highway Engineer

Central Material Testing Laboratory and Consultancy Services (CMTL), Pulchowk Campus Apr 2026 – Jul 2026
Civil Engineer

- Performed and monitored a range of laboratory tests in a standardized setup:
  - Non-Destructive Testing: UPV, Rebound Hammer, Ground Penetration Radar (GPR)
  - CBR, Permeability, Consolidation, Unconfined Compression, Direct Shear, Triaxial Tests
- Involved in Detailed Damage Assessment (DDA), design and supervision of retrofitting of:
  - Dolakha Sabha Hall, Dolakha | Department of Fine Arts Building, Kirtipur
  - Different wards buildings and main municipal building of Bharatpur Metropolitan City

International Shake Table Competition · Asian Institute of Technology (AIT), Thailand Jul 2025
Participant

- Represented IOE Pulchowk Campus & Nepal at "Seismic Performance of Buildings 3.0" Organized by Structural Engineering Department at AIT
- Designed a dual-system structural model of building with inner load-bearing core and outer viscoelastic damper bracing for seismic energy dissipation

Detailed Damage Assessment and Non-Destructive Testings
Undergrad Research Assistant, RTU Pulchowk Campus

- Detailed Damage Assessment and Concrete Quality Assessment of Damaged Stilling Basin May 2025
  Upper Tamakoshi Hydropower Project, Lamabagar Dolakha
- Quality Assessment of Concrete Columns of Stadium Parapet Sep 2025
  Gautam Buddha International Cricket Stadium, Bharatpur Chitwan

Tools: Ultrasonic Pulse Velocity (UPV), Schmidt Rebound Hammer, SonReb, Ground Penetration Radar (GPR), Rebar Scanner

SELECTED PROJECTS

OpenSees Resources for Beginners GitHub (34 Stars)
A beginner-oriented open-source repository bridging the gap between OpenSeesPy documentation and practical research application. Topics span fiber section modelling, moment-curvature analysis, and structural modelling and nonlinear seismic response of 2D/3D structural systems.
Tools: Python, OpenSeesPy, Matplotlib, NumPy

Python Beam Analysis Package GitHub (17 Stars)
A Python package for solving 2D statically determinate beams, supporting Point Loads, UDL, UVL, Point Moments, and Internal Hinges. Outputs reaction calculations, AFD, SFD, and BMD diagrams.
Tools: Python, SymPy, NumPy, Matplotlib

ACHIEVEMENTS & AWARDS

Rank 1	Gandaki Province Public Service Commission Examination	2026
Winner	Sustainable Innovative Solutions in Civil Engineering - 3rd Aron Week Competition	2026
Runner-Up	Structural Failure Case Study Analysis Competition - 2nd Aron Week Competition	2025
Golden Jubilee Scholarship	4 years Bachelors Study Scholarship - Indian Embassy in Nepal	2021
Mahatma Gandhi Scholarship	2 years Higher Secondary Study Scholarship - Indian Embassy in Nepal	2018
Best Club President	Leo District Council 325 E - L.Y 2023/24	2024

LEADERSHIP & COMMUNITY SERVICE

President · Kathmandu Valley Leo Club (KVLC), Pulchowk Campus Jul 2023 – Jun 2024
Leo Club International

- Previously served as **Vice President** (Jul 2022 – Jun 2023)

Key Initiatives Led

- **Nyano Initiatives** Dec 2023
  Led a warm clothing collection drive at Pulchowk Campus, collecting **650+ kg** of clothes from students, faculty, campus residents, and partner organizations. Donated to the Musahar community in Chepkat Village, Aurahi Municipality, Mahottari — directly benefitting **50+ families**.
- **Project Paana: Library Establishment** Feb 2024
  Organized a book collection drive across Pulchowk Campus and valley schools; secured donations from publishers and organizational sponsors — totalling **1,000+ books** and stationery. Established a library at Gitawar Secondary School, Makwanpur, on the occasion of Saraswati Puja 2080.
- **Prastav: Transforming Kathmandu** Dec 2022
  Coordinated a national-level ideathon addressing Air Pollution, Solid Waste Management, and Bagmati River Pollution. Engaged **25 teams** in developing actionable urban solutions, presented before policymakers including Lalitpur's Metropolitan Mayor, NAST Vice Chancellor, and other senior dignitaries.

TECHNICAL SKILLS

Civil Engineering Software	OpenSees, ETABS, SAP2000, Bentley RCDC, Plaxis 3D, AutoCAD, Civil 3D
Programming	Python, C, HTML/CSS, JavaScript
Data & Scientific	NumPy, Sympy, Scikit-Learn, Pandas, Matplotlib, Jupyter Notebook
Documentation	LaTeX, Markdown, MS Office Packages
Version Control	Git, GitHub
